

# Tree Survey Report Summary

Site/s Athlone Tidy Towns

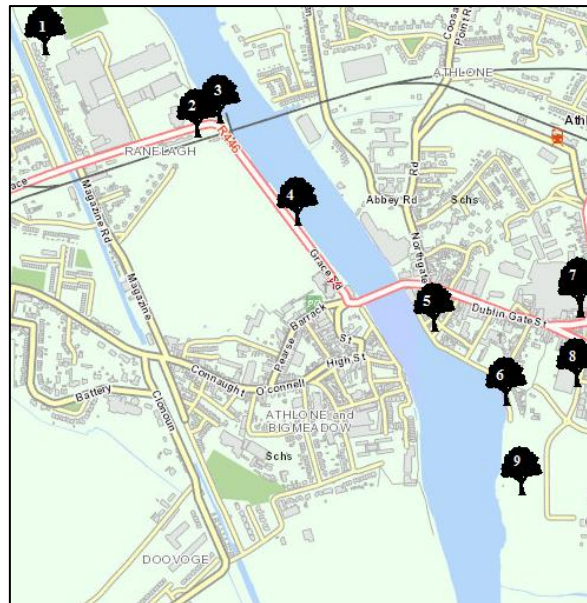

Date July 2011

## In brief

The following has been collated to provide an overview of the survey areas, as means to indicate the required works to be undertaken in line with health and safety matters which have or may arise.

The site were as follows

Site no.	Name	No. Trees	No. Dead*	No. Remedial Works**
1	No.1 Battery (Line of Trees)	27		
2	Western Station	8	2	3
3	Golden Mile walk	11		3
4	Grace Road (Promenade)	69	2	14
5	The Strand (Car Park)	4	1	3
6	Wolfe Tone Terrace	9		
7	Ballymahon Road/Garden Vale	8	2	6
8	John Broderick Street	12		8
9	Burgess Park	257	44	134
Total		405	51	171

\*Dead – Refers to dead, dying, and diseased trees, which are required for removal, under health and safety or have been vandalised (Such as Burgess Park, were trees have been snapped off).

\*\*Remedial works – This refers to the requirement under health and safety to undertake tree works to remove dead, dying or dangerous branches but can also include a simple removal of tree stake; crown Lifting, or the requirement to removal a foreign object, currently stuck in the tree crown.
